Single **\$54.95** US / **\$64.95** CAD

Order Deadline:
APRIL 15th, 2025

Rapido is pleased to offer the Trenton Works 6348 cu.ft. boxcar in HO scale!

Built between November 1993 and February 1994, CN purchased 300 of these cars for specialty wood products and lumber service all across Canada. The cars not only had a major presence in the province of Quebec after delivery, but also all across North America.

Oddly enough, these cars did not receive the usual "Canadien National" French spelling, instead having both sides in the traditional "Canadian National" look. The operational and warning labels instead were bilingual - another unique oddity to these cars.

The cars can still be seen in lumber service all across North America. But not just lumber, they have also made their way into general merchandise service as well. An all-purpose boxcar, just for you!

The Rapido Trenton Works 6348 cu.ft. CN Boxcar features:

- Designed from original blueprints and field measurements.
- Redi Roof 1 (peaked and overhanging).
- Correct handbrake styles and housings
- Barber S-2 cast steel trucks
- Full underbody detailing
- Correct brake platforms and running boards
- Semi-scale couplers and coupler boxes
- Free-rolling turned metal wheels
- Accurate paint and lettering
- Multiple road numbers available per scheme
- Suggested minimum radius: 18"
