The F40PHM-2 have been a staple hauling commuters in the Windy City for the past 30 years. Nicknamed “Winnebagos” for their similar appearance to the RV, these were the last 30 F40PH variants that Metra ordered new, in 1991. Towards the end of 2016, the F40PHM-2s were sent out to Progress Rail for rebuilding and application of the new faded scheme introduced in the early 2000s. These would be reclassified as “F40PHM-3”. One F40PHM-3 received a special CB&Q-inspired heritage scheme in 2019, which we are proud to have on the first run!
